Yu Wensheng

Dear Director,

Please recommend that **Yu Wensheng** is released immediately and unconditionally from prison: he is being held in detention solely for peacefully exercising his human right to freedom of expression.

Not only has the health of Yu Wensheng seriously deteriorated during his imprisonment but his is also suffering from severe weight loss. I therefore appeal to you to ensure that he gets the specialist medical care he needs and adequate nutrition to prevent a further deterioration in his health.

Please ensure that Yu Wensheng has regular, unrestricted access to a lawyer of his choice and his family and, while in detention, that he is not subjected to torture or other ill-treatment.

Yours sincerely,
