LEONARD PELTIER

Dear President Biden,

Leonard Peltier, an Anishinabe-Lakota Native American, has now served more than 40 years in prison for allegedly murdering two FBI agents in 1975. He has always insisted that he is innocent, and Amnesty International has pointed out in a detailed analysis that there may well be serious doubts concerning some aspects of his trial (especially the role of the witnesses), and conviction.

In 2009, Leonard Peltier has petitioned for release on parole, but to no avail.

Taking the aforesaid doubts, Leonard Peltier's age (76), his long imprisonment and his declining health into consideration, I ask you to grant his release on humanitarian grounds.

Yours sincerely,
