Nguyen Thuy Hanh

Dear Prime Minister,

The human rights defender **Nguyen Thuy Hanh** was arrested on 7 April 2021, and charged under Article 117 of the Criminal Code for "opposing the State of the Socialist Republic of Viet Nam".

Nguyen Thuy Hanh, founded the 50K Fund, which has provided essential humanitarian support to countless unjustly detained prisoners and their families.

Nguyen Thuy Hanh has been detained for a year, without access to her lawyer or visits from family members. Before the arrest, Thuy Hanh informed the public about her mental health and decided to rest from her activism. Although her trial has been suspended, she has been forcibly held and medically treated at the Central Institute for Forensic Psychiatry. I urge you to take all necessary steps to end Nguyen Thuy Hanh's prosecution and ensure her immediate and unconditional release.

Yours sincerely
